FROM: Angela Bell

DATE: August 12, 2020

SUBJECT: Summer 2020 Semester Enrollment Report

The headcount enrollment for the 26 institutions of the University System of Georgia in Summer 2020 was 165,801, an increase of 8.8

- x FTE enrollment increased 12.7 percent at research universities, 1.0 percent at comprehensive universities, 5.5 percent at state universities, and 10.2 percent at state colleges.
- x Dual enrollment decreased by 3.8 percent from 2,397 in Summer 2019 to 2,306 in Summer 2020. This is the second decrease in summer dual enrollment in a row.
- x Undergraduate enrollment increased 8.4 percent (9,251 students) over Summer 2019 and graduate enrollment increased 14.1 percent (4,993 students). Most of the graduate enrollment growth (63 percent) occurred at Georgia Tech (3,161 students).
- x Transient student enrollment declined by 1,001 or 18.9 percent. This is likely due to students being able to take almost all classes at their home institution.
- x New student enrollment changes:
 - o Beginning freshman enrollment decreased by 10.0 percent (392 students) from 3,916 students in Summer 2019 to 3,524 in Summer 2020.
 - o New undergraduate transfers decreased by 25 percent (174 students) from 3,367 students in Summer 2019 to 3,193 in Summer 2020.
 - o New graduate student enrollment increased by 16.3 percent (632 students) from 3,887 students in Summer 2019 to 4,519 in Summer 2020.
- x Enrollment changes by race/ethnicity
 - o Asian student enrollment increased by 23.6 percent (3,692 students). Much of this growth was at Georgia Tech (2,429 students). Asian students made up 11.7 percent of all students in Summer 2020, up from 10.3 percent the prior summer.
 - o Hispanic student enrollment increased by 15.4 percent (1,972 students). Hispanic students made up 8.9 percent of all students in Summer 2020 compared to 8.4 percent in Summer 2019.
 - o African American student enrollment increased by 7.0 percent (2,765 students) compared to Summer 2019. In Summer 2020, African American students represented 25.5 percent of all students, down from 25.9 percent in Summer 2019.
 - o White/non-Hispanic student enrollment increased by 5.7 percent (4,317 students). White/non-Hispanic students represented 48.0 percent of all students in Summer 2020, down from 49.4 percent in Summer 2019.
- x In-state enrollment as a share of overall enrollment declined from 68.7.4 percent. The share of students that are out-of-state residents increased from 11.2 to 11.8 percent.

however, the percent of out-of-state students with tuition waived decreased from 33.8 to 22.2 percent. The share of out-of-country enrollees increased from 6.1 to 6.8 percent. The percent of out-of-country students with tuition waived decreased from 41.0 to 35.0 percent.

- x Female enrollment (98,479) remains substantially higher than male enrollment (67,322) in Summer 2020. Female enrollment increased by 10.0 percent from Summer 2019 to Summer 2020 (8,937 students), while male enrollment increased by 7.1 percent (4,489 students).
- x The number of nontraditional-aged undergraduate students in the system increased by 4.5 percent from 14,366 in Summer 2019 to 15,007 in Summer 2020. This reverses a long trend of decreases in all summer terms since 2012, except one. Also, the average age of undergraduate students increased slightly from 23.4 to 23.5. The average age for graduate students increased from 33.0 to 33.4.
- x The

The trends in summer headcount and FTE enrollment the last ten years are shown below.

I will be pleased to answer any questions about the report.
